

Stacey-Ann Pearson, Class of 2015, Civil & Environmental Engineering, Economics minor

At Lafayette, she conducted research in renewable energy and wastewater management, cofounded the LGBT safe space BCD [Behind Closed Doors] and served as one of the student liaisons to the Board of Trustees. After graduating from Lafayette, she worked as a Risk Analyst at Morgan Stanley, served as Board Director and Director of Development of a youth development non-profit, was a Life-Coach at the Ali Forney Center (LGBT youth homeless shelter) and was a Mentor for Big Brother Big Sister, NYC. Currently she is enrolled as a Schwarzman Scholar at Tsinghua University in Beijing, China, where she is studying for her Masters degree in International Relations.
